Huddersfield, West Yorkshire, HD1 6LG**

PRESS RELEASE

The 55 022 website is now up and running and can be found at www.royalscotsgrey.com The site is intended to feature both historical and up to the minute information regarding this famous loco, webmaster Rob Stanley would be delighted to hear from anyone with photographs, articles or anything whatsoever connected with our Deltic locomotive 'Royal Scots Grey'. A link can be found on the site and we would like to thank all who have assisted so far.

Following the movement from Hornsey to the DPS Commercial Services at Barrow Hill, both engines have been started and following in depth inspection we will soon be able to advise further details of work required to enable renewed main line operation.

We now have for sale stylish polo shirts, baseball caps and woolly hats featuring the loco name and number. Also we are now taking orders for our OO gauge Bachmann Limited Edition model expected to arrive in May or June, this will feature the loco in BR Blue livery with the variations worn during her final months British Rail service, Silver Roof Grilles and tanks, Red Buffer Beam, YK depot crests etc. This was as she was whilst working the final BR 'Deltic Scotsman Farewell' working on the 2nd January 1982. Profits made from the sale of all these items will assist towards the current restoration work.

END.

Should you require any further information please do not hesitate to contact me either by e-mail at class40martin@hotmail.com or phone 07768-935893.

Thanks for your support,

Best Wishes,

Martin Walker...
